

Control

WiFi Smart Plug

Control all of your connected devices from anywhere

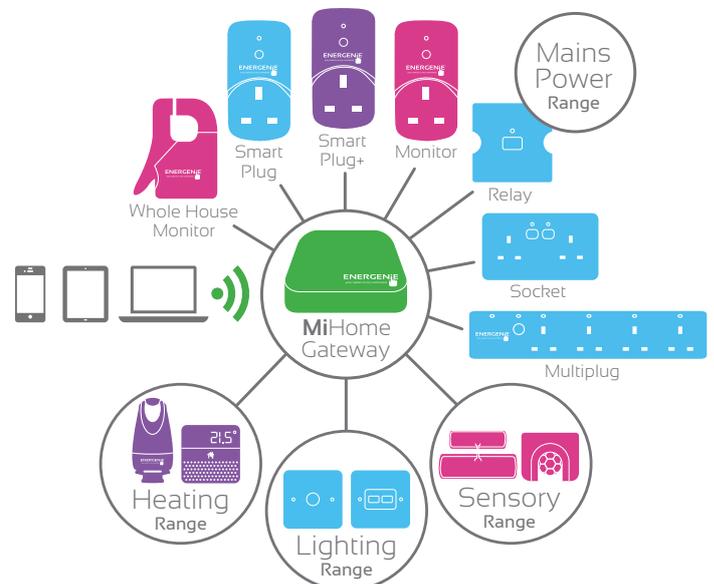

Product Description

You can turn devices on/off, check status, create schedules and set timers using the App. Check on your devices remotely and always come home to a well-lit house. Use away-mode to make it look like you are home when away, and have lights turn on/off at set times to conserve energy and save on your next bill. Add voice control to any electronic device by pairing with Amazon Alexa or Google Assistant.
