PRODUCT TERMINATION NOTIFICATION

PTN: PTN191206A

Date: April 10, 2019

Subject: Addendum to PTN191206: End of Life for Select Products Built at OSE-Taiwan

To: GENERAL INBOX
PREMIER FARNELL
ProductChangeNotices@premierfarnell.com

Product Obsolescence Information:

The purpose of this addendum is to add 16 parts to the original list of affected parts in Cypress PTN191206, for a total of 28 part numbers affected; and to emphasize importance of booking life time demand by April 30, 2019.

Cypress announced the obsolescence of select products, which are built only at OSE-Taiwan. The affected part numbers are listed in the attached file. Last Time Buy (LTB) and Last Time Ship (LTS) dates are provided for each product. The LTB date denotes the last day on which orders will be accepted; these orders may be scheduled for shipment through the LTS date provided.

OSE-Taiwan issued Cypress short-notice communication of their intent to shutdown certain leadframe assembly lines by end of June 2019. Cypress has engaged with OSE to support building our customer requirements upon earliest communication of total demand.

Considering Cypress can only offer a short notice Last Time Buy window, a 3-year build ahead of inventory (based on customer historical run-rate) is already planned. Customers need to provide that demand to Cypress by booking the total lifetime demand orders before April 30th, 2019 to ensure capability to manufacture before line shutdown. Early bookings are especially critical if the life time demand is more than 3 years of run-rate. Earliest communication is also necessary to ensure purchase of materials to support the build. Cypress apologizes for the short timeframe provided to plan final builds on the affected parts and will work with OSE-Taiwan to complete our customers' needs prior to the assembly line shutdown.

Part Numbers Affected: 28

Please see the attached file for a list of part numbers, Last Time Buy Dates and Last Time Ship Dates.
