Replacement Item: [19273](#) New Dual Foot Plate for Combo Tester X3

The Dual Foot Plate and stand designs for the Combo Tester X3 are changing. The changes are minimal and have no effect on the form/function of the products.

- *The electronics on the dual foot plate have been moved to the top side of the dual foot plate to help protect them from moisture on the floor/bottom side.*
- *The stand will be a 2 piece design. This will make shipping easier.*

The New Dual Foot Plate ([19273](#)) does not fit in the old stand ([19255](#)). If replacement is desired, the stand and Dual Foot Plate must be replaced together.

The New Dual Foot Plate ([19273](#)) will work with the old tester.
