Custom Flex Security Wall Mount

For 7"-14" Tablets

Custom Flex Security Wall Mount

Easily adjusts for horizontal or vertical views

This deeply customizable wall mount gives your tablet superlative positioning options and angle adjustment. Each of its 5 locking joints can be independently maneuvered to achieve the perfect arm length and height, while the ball sockets at the base and head offer limitless angle adjustment. The arm mounts easily to your wall with included hardware. The arm's base employs VESA mounting holes for custom interfacing with other VESA compliant equipment, like computer monitors or other stands. The tablet holder secures your device by the corners, protecting from theft with a lock and key security mechanism. Its unique open design allows full access to all ports, buttons, cameras, and jacks.

Features:

- Lock and key security protects tablet from theft
- 5 angle-adjustable joints
- 2 omnidirectional ball sockets
- 360-degree rotating tablet holder
- Allows access to all ports, buttons, jacks, and cameras
- VESA plate mounting base attaches to wall or VESA-ready arm with included hardware
- Compatible with 7-14 inch tablets, including iPad mini, iPad Pro 12.9, Galaxy Tab S3 9.7", and more
