\*SBU (2-digit) / PG (3-digit) / PUG (3-digit) / Type (10-digit)

## 2 Type of change

- Change of configuration code
- Change on datasheet

## 3 Detailed description of change

All Configuration Codes for order numbers listed under Chapter 8 are updated, as they have not been updated until today to specify the use of a bimetal (see [PCN D10-011-526](#) from February 2017).

Subsequently, in the section Config Code on the datasheet, the Configuration Key “without thermal overload protection” with value “C00” under “Rated current” is removed:

TA35 - CBD B F **120** C0 - CZMXX = Rated current

| Rated current                                                                     | Configuration key |
|-----------------------------------------------------------------------------------|-------------------|
| <del>without thermal overload protection / temporarily without VDE approval</del> | <del>C00</del>    |
| 0.05 A                                                                            | Z05               |
| 0.1 A                                                                             | J01               |
| 0.2 A                                                                             | J02               |
| 0.3 A                                                                             | J03               |
| ...                                                                               | ...               |

## 4 Reason of change

- Adaption to the configuration code to reflect changes introduced with [PCN D10-011-526](#) from February 2017.

## 5 Release date

The change takes effect in ww 28/2019 (Date code 1928 or higher on label).

## 6 Impact of change and recommended action

|               |    |                                 |
|---------------|----|---------------------------------|
| Form          | No | No change of form               |
| Fit           | No | No change of dimension          |
| Function      | No | No change in function           |
| Manufacturing | No | No change of manufacturing site |
| Label         | No | No change of label              |
| Packaging     | No | No change of packaging          |
