## SERIES K10 HELMET KIT

Add impact protection to your hearing protector or noise-attenuating headset. David Clark Series K10 Helmet Kits have three components: a suspension liner and a protective nape pad that attaches to an energy-absorbing helmet shell.

The suspension liner provides excellent ventilation. One size fits all. The tan-colored helmet shell is a high strength, lightweight nylon reinforced with energy-absorbing impact pads. The nape pad is a rubber sponge with soft black leather covering. The helmet assembly accommodates an oxygen or breathing mask and a variety of commercially available visors and face shields.

\* Manufactured to military specification MIL-H-85047A

## FLIGHT DECK/ GROUND SUPPORT HELMET

Developed specifically for the flight decks of all US aircraft carriers, this unique bump helmet provides impact protection while using hearing protector or noise-attenuating headsets in one of the most hostile environments on earth.

This helmet has three components: a suspension liner and/or front and a back shell assembly with energy absorbing impact pads.

The "one-size-fits-all" helmet liner provides excellent ventilation and long-term comfort. It is available in khaki.

Shells are available in white, black, brown, blue, green, red, yellow, and purple.
