Product Description

THERMOMARK PRIME was developed for mobile or stationary operation. It is equipped with a 7" color touch display, integrated "MARKING system app" marking software on board, and a replaceable battery pack. You can easily create high-quality printed labels and markers in UCT, US, and UM format.

Your advantages

☑ Easy data entry, thanks to fully integrated marking software (MARKING system app) and multi-touch display with stand. Additional control possible via PROJECT complete.

☑ Automatic ink ribbon, magazine and material detection prevents printing errors

☑ Simple material and ink ribbon replacement in less than 10 seconds

☑ Fast, high-quality, and durable printing; printing time for one card is less than 8 seconds.

☑ 100% independent, thanks to replaceable high-performance rechargeable batteries

☑ Maintenance-free operation with proven thermal transfer printer technology in 300 dpi print resolution

☑ Flexible areas of application with more than 600 different marking materials for marking a wide range of applications
