

• **CLB50-2UCG:** Dual USB Charger 5v  
2.1Amps - 50x50mm Conec2 Module

The **Conec2 CLB50-2UCG** is a 50mm x 50mm Dual USB Charger Module for use as part of the Conec2 AV Modular Faceplate range.

Simply snaps into place in the **Conec2 (50mm) Faceplate** range.

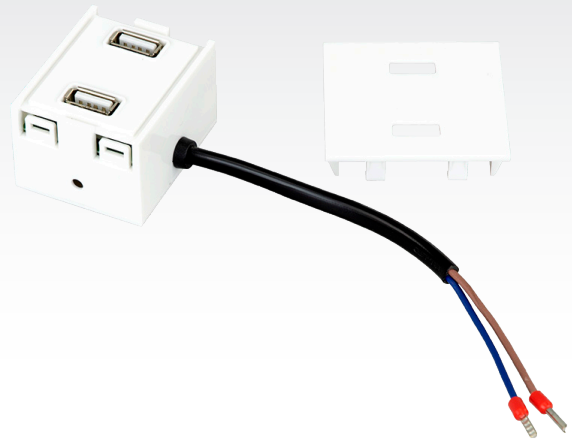

Featuring 2 x independent **USB Charging Ports** to the front panel; the **CLB50-2UCG** provides 5v, 2.1A power, ideal for simultaneously charging two iPad, iPhone, iPod, Kindle, smartphone, tablet and other handheld devices via USB Type A.

The Module's 5v, 2.1A power will be split between the 2 USB ports, providing enough power to charge up to 2 smartphones simultaneously.

Fitted into a Modular Faceplate from the Conec2 product range, this **USB Charging Module** provides a useful and discreet multi-port charging point for commercial applications such as office, demo room, exhibition stands and retail points, as well as domestic applications such as kitchen, home study, media/games room, cinema room, etc.

**Features:**

- 2 x USB Type A independent Charging Ports can be used at the same time
- 5v 2.1Amp supply to charge smartphones, tablets, e-readers and other handled devices
- Bootlace Ferrule Short Lead termination for power to the rear
- Complies with latest charging standards (BS EN 62684:2010) for use with data-enabled mobile phones
- Simply snaps into place in Conec2 (50mm) Faceplates
- Wide range of AV Connector modules available
