Effective Captive Fastenings For Rack-mount Equipment

For every cabinet or enclosure, for every rack mount Switch, Patch Panel or Server installed in 19-inch frames you will need quality and robust nut and bolt fixings. LMS Data has the ideal solution.

The newly released **NUTSCREWS-50-BLK** are powder coated, matt black bolts, ideal for creating a low contrast, all in one colour for your black or dark coloured cabinets. Universal, M6 sized, ideal for the vast amount of cabinets, racks and of course brackets for 19-inch equipment, they come complete with nylon washers for extra grip and increased vibration resistance for your mounted equipment.

Reduced install time, captive nuts are also black and of course clip behind the 19-inch profiles. Supplied in a cost saving 50-pack and ideal for almost all data, server, broadcast and general enclosures and frames.

specifications:

Quality, Alloy M6 BLACK Captive Nuts and Bolts -

Supplied with Nylon Washers for better grip
