

02-Jan-2020

PCN #:E-19-017623

Subject:AMP UNIVERSAL POWER PLUG & CAP HOUSING

Description of Change: This change is considered by TE Connectivity as adding an new alternative resin for current resin shortage issue in global

Reason: Manufacturing / Process Requirements. For resin shortage issue, TE would like to add an new resin to current prints to assure normal delivery to customer. The parts with new resin have same performance with the one with current resin. Material certification and qualification report are available upon request to your local TE Connectivity Sales Engineer.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
