

# Self Amalgamating Tape

# multicomp<sup>PRO</sup>

RoHS  
Compliant

## Specifications

0.76mm × 19mm × 10m

## Applications

Insulation protection of the end or middle connections of wire and cable between 600V to 69kV and on the environment temperature between -10°C to 80°C, insulative sealing for communications cable connections, pipeline protection, remedy and sealing.

## Properties

Environmental, high tensile strength, good self-fusing and excellent electrical performance.

## Technology Data

Thickness	Tensile Strength	Elongation	Disruptive Strength
(mm)	(MPa)	(%)	(kV/mm)
0.13	1.5	700	18

## Usage

Remove separator of the tape, elongated to 200% of its original length enough. Take continuously half overlap circles in three or five layers or reach to the thickness which it is needed, apply another one or two layers PVC electrical tape around the outer layer of EPR self-fusing tape for protection.

## Part Number Table

Description	Part Number
Self Amalgamating Tape, EPR, 19mm × 10m	MP002167
