PCN Date	January 10, 2020
Supplier Name:	Amphenol Canada Corp.
Amphenol Canada PCN Number	PCN-C1454
Description of Change	For harsh environment (rugged) USB Type C connectors starting with part numbers MUSBR-M1C1-xx (or -xxx) and MUSBR-M5C1-xx (or -xxxx), the packaging is changing from a full tray of 70 pieces per tray to a new tray with sub-divisions of 8 pieces per partition.
Reason for Change	Contact tails on these connectors are susceptible to damage if mis-handled. Customer or distributor splitting the quantity of parts with the large trays could result in handling damage. The new tray design will minimize the risk of damage resulting from handling.
