2007

Headquarters Ahrensburg, Germany

Every edding a specialist

Unsurpassed quality, complete reliability and boundless creativity are what make every edding so special. For 47 years, edding has been the brand of expertise for markers "made in Germany". Market orientation and customer focus are our guiding principles. We see ourselves as an innovative partner and problem solver, catering for the marking and writing needs of a host of different target groups. For special applications, edding has the perfect solution.

We know our target groups and offer a wide range of high-quality writing implements and markers for all manner of different fields, be it in industry, in the office or for visual communication, hobby users or DIY jobs. In fact, we have around 150 edding "specialists" which, thanks to their own unique features, ensure optimum performance on virtually any surface, in almost any environment.

Unique: the edding Retractable family. These markers have a mechanical push-button system for single-handed operation. And if it's specialist markers you're after, the edding 8850 carpenter pen is an example of just one of our latest innovations in this field. Trend-setting products, such as the face painter and the edding mini marker, also provide diversity and extend the edding range. Thanks to the brilliant colours available, the creative opportunities are endless. Paint markers, deco markers, t-shirt markers and gel rollers come in a vast array of shades and colours, offering a wealth of different creative design possibilities - whether on paper or any other material. Not only that: we also offer an impressive selection of pens, such as the edding 1700 VARIO series, which are both highly practical and convenient to use.

As specialists in felt and fibre-tip pens and markers, we are consistently developing our range for specific applications. Not only does this make us an innovative partner for you, it also means we can retain and develop our market position world-wide.

INDUSTRY

From aviation through to surgery and metalworking: with a host of special markers on offer, edding has the right solution for almost any area of application and any surface. At the head of the pack sits the edding permanent marker. Synonymous with a whole generation of markers, it is available in a particularly wide selection of stroke widths and colours.

PERMANENT MARKERS

High-quality classics from edding, ideal for writing, marking and labelling almost all materials, including metal, plastic and glass. Light-fast, quick-drying ink. Waterproof and wear-resistant on almost all surfaces. All models refillable. Low-odour ink with no added toluene / xylene.

edding retract 11

Permanent marker with bullet tip and push-button mechanism, permanent, low-odour ink.

Permanent marker without cap. Reveal tip by simply pressing the push-button at the end of the marker. Retract tip by pressing the catch in the clip or by raising the clip slightly. New retractable seal system prevents the marker from drying out when the tip is retracted.

Colours: 001-004, refillable.
Box of 10 in each colour.

OFFICE

A drab, dreary office environment? It doesn't have to be this way! With its assortment of different highlighters, fineliners, gel rollers and ink rollers, edding can add a veritable splash of colour to your desk. Unstinting in their job of reducing text to the bare essentials or highlighting tasks and dates, many of these writing implements contain indelible ink - which means they are acceptable for use on official documents. By the way: for the sake of the environment, many of our products can be refilled. Quickly and easily.

HIGHLIGHTERS

Particularly ideal for marking and highlighting sections of text and notices, for example in letters, minutes, tables, books, magazines, brochures, timetables and atlases, as well as for almost all types of copier and fax paper.

edding 345

Highlighter with chisel tip, water-based ink with brilliant colours, suitable for use on ink-jet documents.

Copylighter: colour 012 (silver grey) is ideal for photocopying purposes. This means that both the emphasised text and the highlighting itself are still highly legible after having been copied. Colour 012 is also particularly suitable for subtle text emphasis.

Neon colours:

002, 005, 006, 009–012, refillable.
Box of 10 in each colour.

Order no.

VISUAL COMMUNICATION

Do you still explain things or are you already visualising your arguments? It is during presentations in particular that an illustrative portrayal of the spoken word is simply vital. That's because visual communication promotes understanding, which means your audience is better able to retain information. From the classroom to the seminar room: help is at hand with edding's selection of board markers, flipchart markers and OHP markers.

BOARD MARKERS

For writing and marking on whiteboards. Can be dry-wiped from virtually all non-porous surfaces such as enamel, glass and melamine. "Cap-off" ink – markers can be left without their cap on for a short time without drying out. Light-fast, quick-drying ink. No added butyl acetate. Almost all models refillable.

edding retract 12

Whiteboard marker with bullet tip and push-button mechanism, low-odour pigment ink.

Whiteboard marker without cap. Reveal tip by simply pressing the push-button at the end of the marker. Retract tip by pressing the catch in the clip or by raising the clip slightly. New retractable seal system prevents the marker from drying out when the tip is retracted.

Colours: 001-004, refillable.

HOME/TRADES/DO-IT-YOURSELF

Make your house a home! There are countless products available from edding to give your house an altogether homely feel. Because whether it's a question of touching up grouting, maintaining rubber seals, marking the location of bore holes or simply being creative on wood, metal or paper, edding has the right top-quality marker for any application. And they're practical too: there is scarcely any preparation involved, which means you can get straight down to business.

SPECIALIST MARKERS

For special applications in the field of marking and writing. High-quality inks specifically tailored to the area of application in question.

SCHOOL AND LEARNING

With trendy products exactly tailored to the needs of a young target group, edding really is top of the class. Our products include the mini highlighter and, of course, the gel roller – ideal for really smooth, tidy handwriting. Making homework and exam papers seem less of an effort. They're good for crib notes and love letters too...

MINI TREND

Mini fibre pens for writing, colouring and drawing on and marking paper. Mini highlighters for emphasising text and notices in letters, books, atlases, etc. Has an unusual two-colour system. 2 pens concealed beneath one cap. Low-odour, water-based ink.

edding 348 mini tiger

Mini fibrepen with chisel tip, water-based ink, 6 colours (3 base colours) and 3 magic colours using the colour-change pen. Change the colour of the ink by going over what you have written with the colour-change pen. Two-colour system.

Colour combinations: 002/red+003/blue, 004/green+000/colour-change pen.

3 colours and 1 colour-change pen in one sales unit.

Only available in displays.
