

## Bit T7, T10 Tamperproof TORX® Electronics

These replacement bits work with Klein's 4-in-1 Electronics Screwdrivers. The two double-ended T7 and T10 tamperproof TORX® pin bits are designed for precision work. Made of the highest quality tempered steel, carefully heat-treated for maximum strength, and precision milled to fit screw openings securely.

### Specifications

|                        |  |                          |   |
|------------------------|--|--------------------------|---|
| <b>Application:</b>    | Electronics                                    | <b>Overall Length:</b>   | 1.5" (3.8 cm)                             |
| <b>For Use With:</b>   | 4-in-1 Electronics Screwdrivers (32581, 32585) | <b>Special Features:</b> | Precision Ground Tip for Greater Strength |
| <b>TORX® Bits:</b>     | T7, T10 Tamperproof                            | <b>Material:</b>         | Steel                                     |
| <b>Overall Height:</b> | 0.125" (0.3 cm)                                | <b>Overall Width:</b>    | 0.125" (0.3 cm)                           |
| <b>Type:</b>           | Tamperproof TORX®                              | <b>Package Quantity:</b> | 2 Bits                                    |
| <b>Weight:</b>         | 0.29 oz (8.2 g)                                |                          |   |
