

Laser Distance Measurer 98-Foot

Klein Tools Laser Distance Meter provides fast and accurate measurements up to 98-Foot (30 m) with an accuracy of plus or minus 1/16-Inch (1.6 mm). Along with the ability to store the last 20 measurements, this tool calculates area, volume, and Pythagoras measurements. The rugged casing provides added protection and the backlit screen allows for easy viewing in low light situations.

Specifications

Type:	Laser Reflection	Application:	Calculation of: Area, Length, Volume, and Pythagoras Measurements
Special Features:	Depth Gauge, Backlit Display, Memory Storage	Batteries:	2 x AAA
Accuracy:	+/- 1/16" (1.6 mm)	Display:	LCD
Range:	2" to 98' (5.1 cm to 29.9 m)	Indirect Measurement:	Yes
Measurement Standard:	Metric, SAE	Standard:	IP54
Case Included:	Yes	Included:	Pouch, Lanyard, Screwdriver, (2) AA Batteries
Overall Width:	2" (5.1 cm)	Overall Height:	4.5" (11.4 cm)
Overall Length:	1.38" (3.5 cm)	Weight:	5.1 oz (145 g)
