

D'Limonene For 3D Printing

RoHS
Compliant

Description

MC002237 is a RoHS compliant solvent and cleaning agent with a wide variety of uses. MC002237 uses include dissolving HIPS (High Impact Polystyrene) used in 3D printing applications, removing adhesives and tar, as well as degreasing and floor cleaning

Properties

Colour	: Water White/Yellowish
Flash Point	: 48°C
Flammability	: Flammable

General Properties

Packaging	: 1 Litre
Shelf Life	: 72 months

Directions for Use

Suitable for the removal of HIPS scaffolding in 3D printing material. Product contains flammable solvent so do not spray onto live electrical equipment or other potential sources of ignition. To use submerge the print and scaffolding in the material and allow the scaffold to dissolve. The time required will depend on the volume of scaffolding required to be removed. Manual removal may be used for any stubborn scaffolds.
