

AC ANYWHERE

OPERATE PORTABLE AC POWER DEVICES FROM YOUR VEHICLE!

Running out of power is a thing of the past with the AC Anywhere. The AC Anywhere features a convenient On/Off switch and fuse protection along with an audible alarm that sounds if the vehicle battery voltage drops to 10.6 volts DC. Simply plug the unit into any 12-volt DC car cigarette lighter socket and the AC Anywhere converts your car battery power to 230 volts AC (common household current). The AC Anywhere is perfect for charging batteries for your mobile phone, portable computer, electric shaver, TV/VCR, or virtually any device while travelling.
