

# Precision Power Solutions - New Product launch

## Aluminium Housed Braking Resistors – HCF Series

**Main Target Applications:** Energy Braking, Power Supplies, Frequency Convertors and Robotic controls.

### Value Proposition:

- 4 variants (75W ~ 500W @ 40°C)
- High Power overload capability
- Low Profile—15mm thickness
- IP54 Ingress Protection

Product launch

**July 2020**
