## LUNA HD / E25HD

MADE FOR HOMES WITH DESIGN SENSE

A visually stimulating 2.0 speaker system designed for home theatre or desktop entertainment, Luna HD packs a hefty punch with its total 74watt output.

Connect it to any Bluetooth-enabled device for wireless audio streaming, or your audio host using a 3.5mm auxiliary cable, simply by optical input. Touch sensitive controls are located on the active speaker, for volume and power control as well as to change tracks when in Bluetooth mode.

Each speaker unit contains a 19mm tweeter and a 3-inch full range speaker driver, producing a total RMS of 74W. In addition, each speaker also contains two 3-inch passive bass radiators, maximizing the bass performance and listening experience. The incorporation and use of Digital Sound Processing and Dynamic Range Control minimize the distortion levels even at the highest volumes, producing clear, clean audio output.

A slim, easy to use remote control also controls volume levels and power to the speakers.

### Specification

Total Power Output	: 15W x 2 + 22W x 2
THD + N	: 10%
SNR	: ≥85dBA
Input sensitivity	: 600mV ± 50mV
Frequency response: R/L	: 50Hz~20KHz ±6dB
Tweeter unit	: Φ19mm silk dome magnetically shielded, 6Ω
Speaker unit	: Tweeter/Mid-range: 19mm, 4Ω / 4 inch (116mm) 6Ω
Passive driver	: 3 inch DIMENSION: 122 x 212 x 222mm (W x H x D)
Weight	: 3.6Kg net   4.15Kg gross
Ean code	: 6923520264650 (Black) : 6923520264674 (Red) : 6923520264667 (White)
