

Battery-Operated Crimper, BG Die/D3 Groove, 2 Ah

Klein's battery-operated Cable Crimper is engineered to make linemen's work more efficient by reducing the time and effort needed on the job. Crimps up to 600 MCM copper, 350 MCM aluminum and 477 ACSR cable. 7-ton hydraulic force crimps a larger capacity faster than similar models on the market. Compatible with industry standard W-style dies. Powered by a DeWALT 20V lithium-ion battery (2 Ah). Includes cutting jaw, two 2 Ah batteries, charger and bag.

Specifications

Type:	Battery Operated	Application:	Cable Crimping
Special Features:	Powered by DeWALT 20V Lithium-ion Batteries	Maximum Cable Capacity (Copper):	600 MCM
Maximum Cable Capacity (Aluminum):	350 MCM	Maximum Cable Capacity (ACSR):	477 MCM
Overall Length:	26" (66 cm)	Overall Height:	12" (30.5 cm)
Overall Width:	6" (15.2 cm)	Material:	ABS, PA6, GF, TPE
Batteries:	Lithium-ion	Battery Life:	2 Ah
Voltage:	20V	Included:	BG Fixed Die and D3 Groove Head, (2) 2 Ah Batteries, Charger and Bag
Weight:	15.7 lb (7.1 kg)
