

## Battery-Operated Crimper, D3 Groove, 4 Ah

Klein's battery-operated cable crimper is engineered to make linemen's work more efficient by reducing the time and effort needed on the job. Crimps up to 600 MCM copper, 350 MCM aluminum and 477 ACSR cable. 7-ton hydraulic force crimps a larger capacity faster than similar models on the market. Compatible with industry standard W-style dies. Powered by DeWALT 20V lithium-ion batteries. Includes cutting jaw, two 4 Ah batteries, charger and bag.

### Specifications

<b>Type:</b>	Battery Operated	<b>Application:</b>	Cable Crimping
<b>Special Features:</b>	Powered by DeWALT 20V Lithium-ion Batteries (4 Ah)	<b>Maximum Cable Capacity (Copper):</b>	600 MCM
<b>Maximum Cable Capacity (Aluminum):</b>	350 MCM	<b>Maximum Cable Capacity (ACSR):</b>	477 MCM
<b>Overall Length:</b>	26" (66 cm)	<b>Overall Height:</b>	12" (30.5 cm)
<b>Overall Width:</b>	6" (15.2 cm)	<b>Material:</b>	ABS, PA6, GF, TPE
<b>Batteries:</b>	Lithium-ion	<b>Battery Life:</b>	4 Ah
<b>Voltage:</b>	20V	<b>Included:</b>	D3 Groove Head, (2) 4Ah Batteries, Charger and Bag
<b>Weight:</b>	17.15 lb (7.8 kg)
