

Battery-Operated Cutter/Crimper Kit, 4 Ah

Klein's battery-operated cable cutter/crimper is engineered to make linemen's work more efficient by reducing the time and effort needed on the job. Alternate between 6 heads according to what the job requires. 7-tons of hydraulic force cut and crimp a larger capacity faster than similar models on the market. Compatible with industry standard W-style dies. Powered by a DeWALT lithium-ion battery. Includes 3 cutting heads, 3 crimping heads, two 4 Ah batteries, a charger and a bag.

Specifications

Type:	Battery Operated	Application:	Cable Cutting/Crimping
Special Features:	Powered by DeWALT 20V Lithium-ion Batteries (4 Hour)	Maximum Cable Capacity (Copper):	750 MCM Cut; 600 MCM Crimp
Maximum Cable Capacity (Aluminum):	1000 MCM Cut; 350 MCM Crimp	Maximum Cable Capacity (ACSR):	556 MCM Cut; 477 MCM Crimp
Maximum Cable Capacity (Guy Strand):	7/16" EHS	Bolt Maximum Capacity:	3/8" Grade 8
Overall Length:	26" (66 cm)	Overall Height:	12" (30.5 cm)
Overall Width:	6" (15.2 cm)	Material:	ABS, PA6, GF, TPE
Batteries:	Lithium-ion	Battery Life:	4 Ah
Voltage:	20V	Included:	(3) Cutting Jaws, (3) Crimping Jaws, (2) 4 Ah Batteries, Charger and Bag
Weight:	33.5 lb (15.2 kg)
