

N4236 LED Desk Lamp

The LED Desk Lamp is a USB powered lamp, making it portable and ideal for industries such as schools and just for general hobbies and reading because it can be plugged into any USB socket. It features bright daylight LEDs in its small but modern head, which sits on top of a flexible neck. This portable desk lamp provides you with daylight light (5500K) which is the same as outdoors.

SKU: N4236

Description

Features

- A flexible goose neck, enabling bright light to be shone where needed.
- USB powered and lightweight, meaning this desk lamp is highly portable.
- The touch sensitive power button lights up green when powered, enabling the user to see the button in the dark.
