

Lamp Pad Mini & Tall

These two ultra-slim portable desk lamps are perfect as a travel lamp due to its slim design and foldable base.

The size makes them easy to pack into a bag and the slim design ensures that they take up minimal space.

The base of the lamps feature discrete touch sensitive controls, which enables the user to not only turn the LED light on and off, but for the user to also increase/decrease the light via the continuous dimmer.

They are perfect for use when travelling, as a reading light or simply to light-up a work surface around it.

FEATURES

- Foldable, ensuring that it only takes-up minimal space.
- Rechargeable battery, will hold its charge for 6 hours.
- Powerful LEDs.
- Continuous dimmer.
- Supplied with a neoprene case to help prevent the lamp from getting damaged (*Lamp Pad Mini only*).
