

## Product information

# 98 33 25

## Torque Wrench

With driving square, reversible

ISO 3315 IEC 60900 DIN EN 60900

- Reversible for tightening of lefthanded threads
- Lockable torque adjustment
- Easy and secure locking of attached sockets due to screw lock
- Calibration certificate included
- Transparent insulated scale range 5 - 25 Nm
- Chrome Vanadium steel

⚡ 1000V 

### General

Article No.	98 33 25
EAN	4003773072676
weight	1,400 g
Dimensions	290 x 130 x 55 mm
Standard	ISO 3315 DIN EN 60900 IEC 60900

### Technische Attribute

Square drive	3/8
--------------	-----

### Classification

eCl@ss 5.1.4	21040223
ETIM 5.0	EC002132
ETIM 6.0	EC002132
