

HellermannTyton

Products: H, TH, and P Clip BK
Base polymer identification: Polychloroprene rubber

European Directive 2002/95/EC (RoHS) and European Directive 2002/96/EC (WEEE), European Directive 2003/11/EC (pentabromodiphenyl ether, octabromodiphenyl ether)

The above Directives, enacted in EU Member States, requires that four identified metals and certain brominated flame-retardant additives are not present above certain classification limits. Brominated flame-retardant additives have to be identified if present.

Brominated Flame Retardant additives

The resins, as used, do not contain any of the above Directives regulated substances above the allowed limits. The resins, as used, do not contain flame retardant additives to be identified. No polybrominated biphenyls (PBB), polybrominated diphenyls (PBD), polybrominated biphenyl oxides/ester/ether (PBBO/PBBE) or polybrominated diphenyl oxides/ester/ether (PBDO/PBDE) are added.

Heavy Metals

None of the four named heavy metals, - namely cadmium, lead, mercury and hexavalent chromium, - have been added to this product or the constituents contained in this product.

Compliance certification

Information from our raw material suppliers demonstrate that the material used in the manufacture of the above items comply with the requirements of:

- European Directive 2002/95/EC (RoHS)
- European Directive 2002/96/EC (WEEE)
- European Directive 2003/11/EC (pentabromodiphenyl ether, octabromodiphenyl ether).

Any information provided, either in hard copy or electronic form is subject to the following:

1. The data is not intended to substitute for any testing you may need to conduct to determine for yourself the suitability of a particular material for a particular purpose. HellermannTyton makes no guarantee of results nor warranties, express or implied and assumes no obligation or liability whatsoever in connection with this information.
2. Statements concerning the use of the products or formulations described herein are not to be construed as recommending the infringement of any patent, copyright, designs or other intellectual property and no liability for infringement arising out of such use is assumed by HellermannTyton. None of this information is to be considered as a license to operate under any patents.
3. This statement is based on our current level of knowledge as advised by our raw material suppliers. It considers deliberately introduced substances and known contaminants of the products final composition. It does not consider possible substances formed during subsequent transformation steps of the material. Except for substances mentioned as exceptions, the resin is not manufactured adding any of the reportable, restricted or forbidden substances above the limits identified. To the best of our knowledge, none of our raw material suppliers use these substances in the manufacture of their products. Please note that we do not analyse our products for substances not purposely added.
4. For all safety, health and environmental information the Material Safety Data Sheet (MSDS) is the only appropriate information source and it is not replaced by the information provided in this document. Copies of raw material MSDS sheets are available upon request
5. This information is valid only for HellermannTyton products as shipped from our facility, and may become invalid if the product is used with other products or materials.
