Description

A round 14.5W LED daylight lamp with glass lens & slide lens cap. Longer covered arms with sturdy joints for extra flexibility & positioning – Ideal for close-up intricate work.

Lightcraft offers a great value range of fluorescent and LED daylight magnifier lamps. The range includes table lamps, long reach & task lamps, headband magnifiers and lightboxes.

The fluorescent daylight tubes allow you to view colours accurately anytime day or night, as well as the smaller detail on objects. The tubes provide a consistent shadow-free light source, are energy saving and have low heat emission which means that you can work for longer and in comfort. The new LED lamps will give you hours of natural energy efficient light, long reach and the option of extra magnification.

From an occasional user to professional, Lightcraft has the product to suit your needs.

The users are wide and varied, including reading, writing & study, crafting & modelling, sewing & tapestry, jewellery making, electronics and light industrial work, airbrushing, nail art & filling, stamp collecting, painting and even smaller DIY tasks. The list goes on!

All Light Craft products comply with EU quality standards.
