

# Spill control – it's in the bag

## HAZWIK® Quick Response Kit – Bodily Fluid

Spills are a part of life. But, they shouldn't get in the way of safety. When the unexpected happens, be ready with a **HAZWIK® Quick Response Kit**. This convenient, grab-and-go-style bag houses everything you need for spill cleanup in a compact ready-to-go size. No more wasting critical time looking for supplies — especially during an emergency. For quick and effective cleanup, reference the bold pictograms on each package. They show easy, step-by-step instructions so you can respond faster to those unexpected spills.

- **Fast spill control** — quickly cleans up hazardous spills
- **Safety** — makes spill-prone areas safer in hospitals, schools and workplaces
- **Easy cleanup** — compact, single-use kit with visual instructions right on the package
- **All-in-one spill kit** — contains PPE, tools, absorbent pads, organic granular, wipes and disposable materials
