Pure Copper Heatsink Pack x 5

SKU:FIT0506

INTRODUCTION

This high quality, low profile, pure copper heatsink is a perfect solution for cooling off small surface-mount components such as [stepper motor](#) drivers, SOCs or a [LattePanda](#). The pure copper increases heat dissipation and transfer to keep your device running cooler in warm environments. This pack includes a total of 5 pieces, perfect for covering all heat sources on a [LattePanda](#) to ensure it works at a stable temperature.

These heatsinks also fit perfectly inside wood and acrylic [LattePanda cases](#)
