The Award-winning Rapid Wood blades are now the best blade for all timber cutting! The new SMARTCUT design means these blades will cut faster, neater and deeper than any other wood blade! Great for cutting timber, hardwoods (oak), laminate flooring. The Rapid Wood blades have a curved tooth design for maximum precision when starting a cut! A new tooth style for a very fast, clean cut in timber! and an increased blade depth of 51mm to cut all the way through 2 timber! Work SMARTer... not Harder!

As tested by Tibby Singh!
BBC's carpenter of the year and Product Tester

'Blade doesn't bounce off the material'
'Sunk its teeth straight into the timber'
'Creates a single point of contact... thus maximising precision'
'Giving the blades good wear resistance'
'Enables the blade to cut twice as fast as an ordinary blade'
'Not making a meal out of any cut'
'Making it sturdier and faster'

SMART Cookie

Work has been seen before a very common mistake by many tradespeople to do a variety of jobs. The best way to do this is to use a SMART Cookie.

Professional Builder's Tibby Singh Chooses a SMART Cookie

SMART has been chosen as the best blade for all timber cutting! The new SMARTCUT design means these blades will cut faster, neater and deeper than any other wood blade! Great for cutting timber, hardwoods (oak), laminate flooring. The Rapid Wood blades have a curved tooth design for maximum precision when starting a cut! A new tooth style for a very fast, clean cut in timber! and an increased blade depth of 51mm to cut all the way through 2 timber! Work SMARTer... not Harder!
