

Dear Customer,

Please find the Change Notification for products that we supply to you. The attachment provides details regarding the change.

A brief description of this change is listed below.

Change Type : **Manufacturing Location Change**

Brief Description of Change : **Manufacturing Location Change. The plating of the raw material used to fabricate the Silver MCON 1.2 Receptacle Contacts, currently plated in TE Germany (Woert Plant), will be localized to TE United States (Greensboro Plant). The affected stamping processes will remain in TE United States (Greensboro Plant). No Shipping Point Change. EMEA production continues to support EMEA demand.**

**All final assemblies remain in their current location.**
