

6" / 152 mm Electrician's Data Shears

Product Details

Catalog No.	CW5T
UPC	037103333230
Set	No
Blade Length	4 in, 10.2 cm
Weight (Catalog)	0.300 lb, 136 g
Packaging	Carded

Features

- Integrated wire strippers in scissor blade for quick and easy stripping of 19 and 23 AWG wires
- Serrated outside edges of blades for reaming knockouts and conduit
- Grip-Zone area for tightening wire nuts and crimping low voltage connections
- Precision ground blades feature durable serrations on the bottom blade that grip material for better control and cleaner cuts
- Integrated cable cutter provides added power and grip needed to make clean shear cuts through electrical cable
- Touch point ergonomics optimize hand and finger contact points in handles to maximize fit, control, and user ergonomics

Overview

With precision-ground steel blades, these compact Crescent Wiss® Electrician/Data Scissors are perfect for electrical and data cable work. Their titanium blade coating is three times harder than steel for extra durability and a double-serrated bottom blade grips material for better control and cleaner cuts. The scissors incorporate a cable cutter for powerful shear cuts, integrated 19 and 23 AWG wire stripper notches, a "grip zone" feature for tightening wire nuts or crimping low-voltage connections, and serrations on the outside edges for reaming conduit and electrical box knockouts. Touch-point ergonomic handles feature soft textured TPR grips for exceptional comfort and an ergonomic control bar extension provides greater control and increased leverage.
