Product Change Notification: E-20-016600

PCN Date: 03-DEC-20

Customer: Waldom Electronics Corp (167882 )

Location: Rockford

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

### General Product Description:

Type III+ Contacts

### Description of Changes

Revise the plating notes for some of the part numbers contained on the customer drawings listed below. The note revisions specify a change to the plating located in the wire crimp area of these contacts from gold flash over nickel to matte tin over nickel. The plating located on the mating end of the contacts will not change. The plating located in the center of the contact between the mating end and the crimp end will change from gold flash over nickel to nickel only. Following this change the contacts will continue to comply with TE Product Specification 108-10042.
