TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

POWER TRIPLE LOCK High Temp 1 Row Plug Housings

**Description of Changes**

Add Level 2 resin latch view to customer drawing since this was previously omitted. The thumb pad connection point for the Level 2 design moves a short distance inward. No changes to standard temp, Level 1 resin.
