

## WSK0612 Obsolescence

**DESCRIPTION OF CHANGE:** WSK0612 product termination. Vishay will discontinue the clad construction design of the WSK0612. The suggested alternative will be the WSKW0612; <https://www.vishay.com/product?docid=30332>. The WSKW series is a drop-in replacement to the obsoleted WSK0612 with better performance. The WSKW0612 is equivalent with an all metal construction, but instead of a clad construction is made of a welded copper terminal. The advantages are detailed in the application note; WSKW0612 Welded Terminal Advantage; <https://www.vishay.com/docs/30333/wskw0612.pdf>.

**REASON FOR CHANGE:** The welded construction of the WSKW0612 is superior to the clad construction of the WSK0612 by providing improved in circuit mounted resistance value.

**EXPECTED INFLUENCE ON QUALITY/RELIABILITY/PERFORMANCE:** Product Obsolescence

**PART NUMBERS/SERIES/FAMILIES AFFECTED:** Please see materials list on the succeeding page.

**VISHAY BRAND(s):** Vishay Dale

**TIME SCHEDULE:**

Last Time Buy Date: Fri Aug 20, 2021

Last Time Ship Date: Fri Feb 18, 2022

**SAMPLE AVAILABILITY:** If customer converts to alternate product, WSKW; samples are available immediately.

**PRODUCT IDENTIFICATION:** Not Applicable

**QUALIFICATION DATA:** Qualification data available for WSKW by request, Full PPAP available now.

**This PCN is considered approved, without further notification, unless we receive specific customer concerns before Mon Apr 19, 2021 or as specified by contract.**
