MF-25/10

Magtime™ Magnetic Cable Holder (Pack of 10)

[Cable Installation & Fishing](#)[Find Local Retailer](#)

Made with neodymium magnets, these magnetic cable holders are ideal for installing cables on high ceilings or other places quickly and easily. These magnetic holders feature the following:

- Ultra-strong magnets made from neodymium (a rare earth magnet) hold up to 15 lb (6.8 kg) of cables
- Compatible with our [RDT-18K](#) Telescoping Pole and [MF-45](#) Magtime Cable Pole Bracket to hang wires in high places
- Permanently holds wires in place but can also be removed in seconds
- Specially designed slots are perfect for using zip ties and hook and loop strips to hold cables in place
