Product Change Notice (PCN)

(02/23/2021)

Product Change Notification for Littelfuse Reed Relays: HE3300, HE3600 and HE700 series, marking change

To whom it may concern,

Littelfuse would like to notify you of a change related to our reed relay series HE3300, HE3600 and HE700.

- The marking on the products will change from “HAMLIN” to “LITTELFUSE”, due to the acquisition of Hamlin by Littelfuse.
- There will be no change of fit, function, quality & reliability, this is a marking change only.
- The changes will affect products with a date code from 2109.
- Since this is a running change, and there is still some inventory with the previous marking, the following might occur:
 - Mix of HAMLIN / LITTELFUSE marking within one tube
 - Mix of HAMLIN / LITTELFUSE marking within one inner box
 - Mix of HAMLIN / LITTELFUSE marking within one carton
 - Mix of HAMLIN / LITTELFUSE marking within one shipment 

Please note this change impacts the attached list of products only.

If you have any additional questions or concerns, please contact me or your Regional Sales Manager.

Best Regards,

Julius Venckus
