

# Cable Stripper No. S 4 - 28 Multi

WEICON Stripping Tools enable the precise, fast and safe stripping of all common round cables. The product family of cable strippers includes different types featuring different additional functions and thus meeting the individual application requirements of their users.

The Cable Stripper S 4-28 Multi enables precise, fast and safe stripping of all common round cables with a diameter between 4 and 28 millimetres. Thanks to the adjustment screw in the housing, the cutting depth of the knife can be set with an infinitely variable range. This prevents damaging the inner conductor. The cutting blade is integrated in the housing and self-rotating, thus enabling the automatic adjustment from circular to longitudinal cutting. The additional stripping function is integrated in the housing and enables stripping of all common stranded and solid conductors with a cross section between 0.5 and 6.0 square millimetres.

## Technical Data

Cable types	Fine-wired and solid conductors with
Cable types	PVC insulation
Inner blade	adjustable & replaceable
Additional benefit	strips conductors of 0.5 - 6.0 mm²
Material	fibreglass-reinforced polyamide
Weight	61 g
IMPA-Code	611731

**Note**  
Working with WEICON Stripping tools is only permitted with potential free wires and conduction.
