

Product Change Notice: ETQ-P8MxxxJFA Series Power Inductor - Parting Line

PCN.PG47.4.28.2021

4.28.2021

About This Notice:

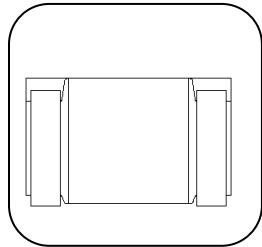

This Product Change Notice updates status presented in Panasonic’s previously published PCN.PG47.9.24.2019 for the ETQ-P8M Series which referenced a parting line on the core of this Power Inductor.

Effective Date:

Immediate

Change Details:

This current Product Change Notice cancels the prior change, so the parting line will not be used. The core will remain line-free. Parting lines will not be added on the surface of the product. The product dimensions, electrical characteristics and reliability are the same. There is no change in the current product in the characteristics, reference values and the reliability content.

Affected Parts:

See Attached.

Datasheet(s):

See Attached.

Notes:
