

## End-of-Life Notice RTD830 Series

Tuesday, May 4, 2021

To Our Customers:

We would like to inform you that our **RTD-830** series surface sensor has a new design which improves strain relief, pull strength, and durability of the product.

Effective today, the product series has changed from **RTD-830** to [RTD-831](#) to indicate the updated version. The part number ordering structure has been improved, and the new series also offers a high temperature **(-HT)** version of this surface sensor.

If you currently purchase any SKU starting with **RTD-830\***, please contact our [Sales Departments](#) if you would like to make a "last-buy" purchase.

Thank you for your understanding in this matter and your continued business.

Sincerely,

[Omega Engineering](#)
