Right-Angle InfiniBand Connector

Mating Connector for LVDS Custom-Load Boards

- Connector compatible with NI SHB12X-B12X LVDS cable
- Build custom-load boards for LVDS test and measurement
- 12X InfiniBand connector
- Right-angled, surface-mount PCB mounting

Overview

Use the mating connector to create your own custom-load boards for your LVDS test and measurement systems. The 73-pin right-angle mating connector includes two jacksocket screws. These connectors are fully compatible with NI 656x high-speed digital I/O devices and the NI SHB12X-B12X LVDS cable.

Pricing

Part Number	Description	Est Ship	US Dollars*	Qty

Services

Extended Warranties

National Instruments designs and manufactures all products to minimize failures, however unexpected failures can still occur. Extended warranties provide a fixed economical price at the time of system purchase, covering any repair costs for up to three years. In addition, they offer the following benefits:

- Significant cost savings compared to individual repair incidents
- Fault location, diagnostics, and repair by NI any time the system product fails
- All parts and labor costs covered as well as any adjustments needed to restore the hardware to manufacturing specifications
