**Advanced Notice for backend change for selected discrete IGBTs and MOSFETs**

To whom it may concern,

Littelfuse would like to inform you about a future backend change for selected discrete IGBTs and MOSFETs. This change is a part of the consolidation effort for the backend manufacturing which will lead to improve delivery time.

The qualification of this new backend manufacturing facility is expected to finish by the end of Q3/ 2021. The Country of Origin (CoO) will be China.

An official Product Change Notification (PCN) will be released as soon as the qualification data is available.

**DESCRIPTION OF CHANGE:** Future change of the backend manufacturing for selected discrete IGBTs and MOSFETs.

**FORM, FIT, FUNCTION CHANGES:** No Form/ Fit/ Function change.

Please refer to the next page which contains all the affected part numbers.

If you have any additional questions or concerns, please contact us or your Regional Sales Manager.

Best Regards,

Raymon Zhou
