## Section 1: Identification of the substance/mixture and of the company/undertaking

**1.1. Product identifier** Product form

Type of product

: Mixture

: Thermal interface material, Fillers, putties, plasters, modelling clay

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

### 1.2.1. Relevant identified uses

Main use category Use of the substance/mixture Function or use category

- : Professional use : Fillers Conductive agents
- : Fillers, Conductive agents

### 1.2.2. Uses advised against

No additional information available

### **1.3. Details of the supplier of the safety data sheet**

Premier Farnell plc 150 Armley Road, Leeds, LS12 2QQ +44 (0) 8701 202530

# 1.4. Emergency telephone number

+44 1865 407333

# Section 2: Hazards identification

### 2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP] Not classified

### Adverse physicochemical, human health and environmental effects

To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

### 2.2. Label elements

# Labelling according to Regulation (EC) No. 1272/2008 [CLP]

No labelling applicable

### 2.3. Other hazards

No additional information available

### Section 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name         | Product identifier                        | %       | Classification according to<br>Regulation (EC) No. 1272/2008 [CLP] |
|--------------|-------------------------------------------|---------|--------------------------------------------------------------------|
| ALUMINA      | (CAS-No.) 1344-28-1<br>(EC-No.) 215-691-6 | 75 - 85 | Not classified                                                     |
| SILICONE - A | (CAS-No.) 90337-93-2                      | 15 - 25 | Not classified                                                     |

### Section 4: First aid measures

| 4.1. Description of first aid measures                                          |                                                                                      |  |  |
|---------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|--|--|
| First-aid measures after inhalation                                             | : Remove person to fresh air and keep comfortable for breathing.                     |  |  |
| First-aid measures after skin contact                                           | : Gently wash with plenty of soap and water.                                         |  |  |
| First-aid measures after eye contact                                            | : Rinse eyes with water as a precaution.                                             |  |  |
| First-aid measures after ingestion                                              | : Get medical advice/attention if you feel unwell.                                   |  |  |
| 4.2. Most important symptoms and effects, both acute and delayed                |                                                                                      |  |  |
| Symptoms/effects after inhalation                                               | : Inhalation may cause irritation (cough, short breathing, difficulty in breathing). |  |  |
| Symptoms/effects after skin contact                                             | : Causes mild skin irritation.                                                       |  |  |
| Symptoms/effects after eye contact                                              | : mild eye irritation.                                                               |  |  |
| Symptoms/effects after ingestion                                                | : May be harmful if swallowed. Ingestion may cause nausea and vomiting.              |  |  |
| 4.3. Indication of any immediate medical attention and special treatment needed |                                                                                      |  |  |

Treat symptomatically.

### Section 5: Firefighting measures

| <b>5.1. Extinguishing media</b> Suitable extinguishing media                                        | : Water spray. Dry powder. Foam. Carbon dioxide.                                                                                            |
|-----------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| 5.2. Special hazards arising from the substance of Hazardous decomposition products in case of fire | <b>r mixture</b><br>: Toxic fumes may be released.                                                                                          |
| <b>5.3. Advice for firefighters</b><br>Protection during firefighting                               | : Do not attempt to take action without suitable protective equipment.<br>Self-contained breathing apparatus. Complete protective clothing. |

## Section 6: Accidental release measures

| <b>6.1. Personal precautions, protective equipm</b> 6.1.1. For non-emergency personnel                                                                                                           | nent and emergency procedures |  |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|--|
| Emergency procedures                                                                                                                                                                             | : Ventilate spillage area.    |  |
| 6.1.2. For emergency responders                                                                                                                                                                  |                               |  |
| Protective equipment       : Do not attempt to take action without suitable protective equipme         For further information refer to section 8: "Exposure controls/per-<br>sonal protection". |                               |  |
| <b>6.2. Environmental precautions</b><br>Avoid release to the environment.                                                                                                                       |                               |  |
| 6.3. Methods and material for containment and cleaning up                                                                                                                                        |                               |  |

Other information

Mechanically recover the product.Dispose of materials or solid residues at an authorized site.

### 6.4. Reference to other sections

Methods for cleaning up

For further information refer to section 13.

## Section 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling

: Ensure good ventilation of the work station. Wear personal protective equipment.

Hygiene measures

: Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

: Store in a well-ventilated place. Keep cool.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions

7.3. Specific end use(s)

No additional information available

# Section 8: Exposure controls/personal protection

**9.2. Other information** No additional information available

### Section 10: Stability and reactivity

**10.1. Reactivity** The product is non-reactive under normal conditions of use, storage and transport.

### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

### 10.5. Incompatible materials

No additional information available

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### Section 11: Toxicological information

### 11.1. Information on toxicological effects

| Acute toxicity (oral)                                                          | : Not classified                                                                              |
