

Panasonic KX-TGB612EB Big Button DECT Cordless Telephone with Nuisance Call Blocker (Twin Handset Pack) – Black

Panasonic KX-TGB612EB Big Button DECT Cordless Telephone with Nuisance Call Blocker (Twin Handset Pack) – Black

Stylish and simplistic user friendly digital cordless DECT telephone

The Panasonic KX-TGB612EB is a stylish and simplistic user friendly digital cordless DECT telephone that puts the power back into your hands. With the dedicated call block button, the KX-TGB612EB gives you the control to stop unwanted nuisance calls from telemarketers and free phone number prefixes, blocking as many as up to 50 registered numbers. *** Requires Caller ID subscription offered by your telephone provider***.

- 1.4 Inch illuminated dot-matrix LCD display with easy-to-use large buttons and a well-spaced layout.
- Nuisance call blocker allows you to reduce unwanted calls when required, keeping personal time from being interrupted (Requires Caller ID subscription offered by your telephone provider)
- Enhanced receiver volume provides clear and audible sound that is up to twice as loud as standard phones, even when there's background noise.
- The modern and functional design blends into your comfortable and sophisticated lifestyle and the glossy surface finish complement's the simple layout of the keys
- Shock Resistant tested to withstand drops from a height of up to 1.2 metres, so you can use the handset confidently knowing it will not break easily due to accidental drops.

The Panasonic KX-TGB612EB is a stylish and simplistic user friendly digital cordless DECT telephone that puts the power back into your hands. With the dedicated call block button, the KX-TGB612EB gives you the control to stop unwanted nuisance calls from telemarketers and free phone number prefixes, blocking as many as up to 50 registered numbers. *** Requires Caller ID subscription offered by your telephone provider***. The Panasonic KX-TGB612EB is equipped with a 1.4-inch LCD screen display which shows you caller IDs more clearly as well as an enhanced receiver volume, which provides clear and audible sound allowing you to hear the other party's

voice with clarity, even when there's background noise. Plus, the maximum receiver volume is around twice as loud as the standard Panasonic DECT telephones

The user-friendly handset design can be intuitively used with no fuss, so thanks to the reduced number of buttons on the handset, the keypad layout has been made simpler and the remaining buttons have been enlarged, making them easier to see and press. The design is also very modern and functional, so it blends into your comfortable and sophisticated lifestyle. The glossy surface finish complements the simple, yet beautiful layout of the keys, making it elegant, pared-down, and affordable. The Panasonic KX-TGB612EB has been successfully shock resistant tested to the standard of (MIL-STD-810G, method 516.6), meaning it will withstand drops from a height of up to 1.2 metres, so you can use the handset confidently knowing it will not break easily due to accidental drops.
