Description

Low-cost plug in PSU ideally suited to power most covert cameras or low energy domes.

A 500mA 12V DC Plug-In Power Supply unit that is fully regulated for use with 12V CCTV cameras; it is supplied fitted with the industry standard 2.1mm DC plug but this may be cut off if not required. The unit has no polarity change-over switch or voltage adjustment making it ideal for CCTV as it cannot be adjusted by the end-user.
