PI CASE 40

MCM-PI400-MNNN-S00

BUILT TO LAST.

FEATURES

Reprogrammable Power Button -

The case comes included with a power button to easily power on and off the system without having to remove the power source from the Raspberry Pi. The power button is reconfigurable to any other action with a simple change in code.

Easy-access IO Ports -

All ports are quickly accessible thanks to a no-interference design. The GPIO ports are rotated 90 degrees and accessible via the side flap in the TPU bumper, allowing for protection when closed and easy access when opened. Display and Camera connectors remain protected within the enclosure, while a slit in the TPU bumper allows both cables to be routed outside the enclosure.

Cool-looking, Cooler-Running Aluminum Core-

The aluminum core of the Pi Case 40 serves as a large, passive heatsink to keep the Raspberry Pi running cool and performing at its best without requiring a loud fan. The Pi Case 40 offers an unmatched amount of surface area for its size, allowing higher GPU and CPU frequencies out of the box.

Universal Mounting -

4 VESA/wall mounting brackets come included to fix your Raspberry Pi to every surface and monitor.

Designed for on-the-go users-

The Pi Case 40's compact dimensions allow it to be portable, while the aluminum, TPU, and plastic housing keeps it safe from impacts, minor liquid splashes, and light dust.

No-compromise all-in-one casing for your Raspberry Pi.

The Cooler Master Pi Case 40 provides a long lasting, premium enclosure for Raspberry Pi pro-users. The case encloses the Raspberry Pi board in a sleek aluminum shell, further protected by a high grade TPU bumper.

Once assembled, the system runs cool and totally quiet, without the need of an additional fan, even at high clock speeds thanks to the aluminum shell.

All connections are re-routed on the sides, allowing for a better look and accessibility.

The Pi Case 40's accessibility and high material quality makes it one of most reliable travel cases for Raspberry Pi users.

SPECIFICATIONS

Product Name	Cooler Master Pi Case 40	
Product Number	MCM-PI400-MNNN-S00	
Exterior Color	Gun Metal, Black	
Materials	Paneling	Aluminum, Plastic
	Outer shell	TPU
Dimensions (L x W x H)	96x68.2x27.3mm(Excluding protrusions) 96x68.2x28.58mm(Including protrusions)	
Volume	0.18L	
Raspberry Pi Boards Support	Raspberry Pi 4 Model B	
Additional I/O	Yes, 1x re-mappable power button	
Access to I/O	Side I/O	Yes
	GPIO	Yes
	SD Card	Yes
	Display	Yes
	Camera	Yes
CPU Cooling	Active	No
	Passive	Yes
Included Accessories	4x Modular Mounting Brackets 1x Allen Key 2x Thermal Pads 1x GPIO 90° adapter + ON/OFF switch	
Power Supply	Not Included	
Warranty	2 Years	

PACKING INFORMATION

EAN code	4719512108963
UPC code	884102081279
Carton Net Weight	5.8 kg (40pcs per carton)
Carton Gross Weight	8.0 kg
Retail box dimension (L x W x H)	102x100x32mm
Carton dimension (L x W x H)	355x215x240mm

Cont.	W/ Pallet	Carton/ Pallet	W/O Pallet
20'	42240	96	61560
40'	84480	96	126720
40 HQ	103840	118	154880
