Meets your requirements: Robust and durable backpack equipped with a selection of high-quality hand tools for mobile use.

Increases your flexibility: Space for additional tools and additional storage for small parts and machines.

Protects your health: Ergonomic handle design makes work easier and prevents occupational illnesses.

Dimensions: External: 33 x 48 x 23 cm.

Application: The basic kit for mechanics out on jobs.

Material: Polypropylene, Nylon.

In mobile use, it is not always easy to carry all the tools needed with you while keeping order. The tool backpack provides a remedy. It offers an enormous amount of storage space and at the same time the greatest possible carrying comfort in mobile use. In addition, it creates order and easy access to the tools thanks to the tilt resistant base and the two-sided opening possibilities with numerous tool pockets inside. For optimum basic equipment, the robust tool backpack is equipped with a high-quality range of hand tools. From ergonomic screwdrivers, a selection of pliers, L-keys, ring ratchet open-ended spanners, a locksmith's hammer to an extensive 1/4" hexagon socket wrench and bit set, the user has the right tool at hand for every work situation. In addition, thanks to numerous pockets, further loops and additional storage space, the backpack inside offers plenty of room for further individual additional equipment. On the outside, too, the integrated D-rings, pockets and loops make it possible to store additional tools and supplies for quick access. Thanks to the extendable hook, the backpack can also be hung up for back-friendly tool removal. With a base tray made of sturdy polypropylene and a housing made of impregnated denier nylon, the high-quality manufactured backpack defies wind and weather on the way to work and is also able to cope with the sometimes unruly conditions of a construction site. The thermoformed, ergonomic back padding ensures a comfortable wearing comfort. With its dimensions of 33 cm x 48 cm x 23 cm (WxHxD) and its weight of 8.08 kg, it is the ideal companion for field work of any kind.
