Mechanical Protection General Duty

Nitrotough™ N230B & N230Y

Nitrotough™ N250B/Y

CE Intermediate Design

APPLICATIONS

Ideal for assembly, engineering and general handling.

FEATURES AND BENEFITS

Knit wrist glove fully coated Lightweight supported nitrile finish 100% cotton interlock liner Good dexterity and grip Ideal alternative to PVC and light leather gloves.

CE Intermediate Design

Palm coated glove with knit wrist 100% cotton interlock liner

Good dexterity and grip

Ideal alternative to PVC and light leather gloves.

Tough Industrial

The Nitrotough™ gloves are constructed using nitrile butadiene (NBR) synthetic rubber coatings on 100% cotton jersey liner. The nitrile forms a strong durable coating that provides better protection than some more traditional riggers, PVC or cotton gloves. Nitrile can be applied as a thin coating to provide a good balance between protection level and dexterity.
