

CAT6A Bulk Cable Stranded S/FTP 650MHz CM PVC PoE 304m

MFR: C6ABC50S-STR-GN-1000

Premium shielded CAT6A cabling ensures optimal performance in bandwidth-intensive 10G networking applications

- Premium GigaTrue® bulk cabling constructed to exceed industry standards.
- Double-shielding provides superior protection against EMI/RFI.
- Meets ANSI®/TIA®-568.2-D and ISO®/IEC 11801 Class EA standards.
- ETL® tested and verified to ensure premium CAT6A performance.
- CM-Rated jacketing for use in general-purpose locations other than risers or plenums.
- UL® tested and verified to ensure premium performance to CM flame rating.
- Ideal for use in patch cabling and short horizontal runs.
- Comes in Reel-on-Spool for easy pulling of cabling.
