## TE Connectivity

**Product Change Notification:** PCN-21-121527

**PCN Date:** 19-NOV-21

**Customer:** Waldom Electronics Corp (167882 )

**Location:** Rockford

**Agreement:** Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:** (Text limited to 120 characters)

The Industrial and Commercial Transportation business unit of TE Connectivity is approving an alternate MVQ material f

**Description of Changes**

The Industrial and Commercial Transportation business unit of TE Connectivity is approving an alternate MVQ material for seals used in Rec Housings with part number(s) listed below. The alternate material is also a MVQ material similar to the current material in production. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) are not affected by this change. REASON FOR CHANGE: Dear Customer, Due to the current generalized resin shortage situation we hereby inform you of this alternative MVQ material usage for the products mentioned within this notification. Preliminary test successfully passed! Additional test are running, and we do not expect impact on function as material compares favorably. There is no change on fit and form. With excess of precaution, TE is running additional testing expected to be completed by March 2022. Parts can be identified with production date 340/21 until 59/22 (day/year) from German manufacturing plant. Parts made of the alternative material are interchangeable. IMPORTANT: Part revision increase is not required for this change.

**Reason for Changes:**

**PCN Attributes:**

<b>Product Category:</b>	<b>Kind of Change:</b>
Connector Housings	Purchase or Supplier Change
<b>Change Feature:</b>	<b>Potential Customer Impact:</b>
No Feature Change	No Customer Impact

**Remarks:**  
Heavy Duty Sealed Connector Series Group B PN x-1418469-1 and PN x-1418390-1
